DAY OF RECKONING IS NOT YET

Matter of Reducing City Attorney's Salary Still Hangs Fire. Mason and Locke Explain

The tempest in Sonoma's tea pot is still brewing and if one were a mystic and believed in fortunes by tea leaves he might divine that harmony will not be restored until the toga be wished on the original City Attorney and he be coaxed back to serve his municipality for the rest of his days, so say wise prognosticators. Either that or some bone fide attorney must be chosen as City Dad who will legally advise as a matter of paternal pride or precaution.

It is obvious that the dove of peace refuses to perch on the City Hall since the day of City Attorney Poppe's resignation and discord is rife in the community over the raise bestowed upon his successor, C. C Cowgill, former legal light of Bakersfield and staunch advocate of a comfortable competence for the disciples of Blackstone. Should they return him to the old scale of $12 50 per month, he avers he will quit and in such an exigency it is a toss up who would be named Attorney Frank Sprague is a possibility. The former Senator from Yolo County is quite a philanthropist and might be persuaded to accept the City Attorneyship if properly approached.

The advocates of "canned" advice who pinned their faith to Mason and Locke of the League of Municipalities are soft pedaling now for their prated friends of the "peepul" are back pedaling on the proposition of acknowledging the referendum petition they framed. Those who had faith in them once, now declare that Mason and Locke must think that they are dealing with a lot of mutts.

The Municipal League firm asked to be heard as follows in a letter to this newspaper:

Editor, The Sonoma Index-Tribune
Sonoma, California.

Dear Sir:

Recent issues of the different Sonoma papers charge us with having prepared an initiative petition for Mr Louis Breitenbach and afterwards repudiating the same. We herewith take this opportunity of sending you a complete statement of all the facts in connection with the matter, which in justice to ourselves, we request you to publish.

On Feb. 15 Mr. Luis Breitenbach wrote to us for a form of an initiative ordinance and petition fixing the salary of the City Clerk and City Attorney Not having such an ordinance on hand we had one typewritten and sent to him.

A week or two afterward Mr. Gottenberg called at our office with the initiative petition as presented to him, and requested our opinion as to its validity. The petition appeared to be the same one we had sent to Mr. Breitenbach except that the front page had been rewritten and the blank spaces filled.

In response to our inquiries we learned from Mr. Gottenberg that the petition had not been properly signed and was therefore invalid and of no effect. The law governing the matter reads as follows:

1083a Political Code.

"Whenever, by the constitution or laws of this state, any initiative, referendum, recall or nominating petition or paper, or any petition or paper, is required to be signed by qualified electors, only an elector who is a registered qualified elector at the time he signs said petition or paper shall be entitled to sign the same, and no elector shall be entitled to sign any such petition or paper on or after the 1st day of January or any even numbered year unless he shall, on or since said first day of January have made an affidavit or registeration as required by law. Such signer shall at the time of so signing such petition or paper affix thereto the date of such signing."

Mr. Gottenberg informed us that none of the signers was on the new register at the time of attaching his or her name to the petition. The petition showed also that the signers failed to affix the date as required by law. It is also provided by law that the clerk shall have ten days within which to examine the petition as to its sufficiency, whereupon he shall submit it to the next regular meeting of the board of trustees (Chapter 155, Statutes 1915). The petition was filed too late to enable its presentation to the board at the first regular March meeting and its submission at the regular April meeting would be too late to enable it to be printed on the ballot, as the law requires that the sample ballot should be mailed before April 1st

For the foregoing reasons we repeat what we told Mr. Gottenberg, to-wit, that the petition was not sufficient because it had not been signed according to law, and furthermore that it had not been filed in time to put it on the ballot. There is nothing wrong with the form of the petition or the ordinance it contains, therefore it is manifestly unjust to throw any blame on us because the proponents had failed to have the petition lawfully signed

A few days ago the Supreme Court decided that a recall petition submitted under the San Francisco charter did not require the date of signing after each name, because the matter was a municipal affair and was therefore subject to the provisions of the charter and not the general law. In Sonoma, however, the case is entirely different. You are not governed under a freeholders' charter, wherefore the general law governs and the date of signing is essential. There is not a shadow of doubt but that an appeal to the courts will prove that our interpretation of the law is correct.

Respectfully,
MASON & LOCKE.

Sponsors of the petition point out that Mason and Locke's petition while designating places for signature, place of residence and occupation made no provision for dates. They also declare that the signers were on the great register to the number of 45 and others were registered under the new enrollment. However that may be, the sample ballots are off the press and there is not a chance that the proposition to reduce the City Attorney's salary will be voted on at the regular election. The day of reckoning is not yet.

CAROLINE PAULI PASSES AWAY

Daughter of Former Prominent Residents Dies After Long Suffering

Miss Caroline Pauli, daughter of one of Sonoma's pioneer families who removed to San Francisco many years ago, passed away on Monday and was buried here in the family plot in Mountain Cemetery Wednesday.

Miss Pauli has been a paralytic for many years and in her patient suffering was ministered to by her devoted sisters, Miss Paulina Pauli and Mrs. Eloisa Pauli Raschen.

Deceased was the daughter of the late G. T. Pauli, formerly Treasurer of Sonoma County and a prosperous pioneer merchant whose funeral held here in early days was the largest and finest ever held in Northern California. Her mother long since dead, was a beautiful South American girl who numbered the Governor of California among her suitors before marrying the man of her choice, Mr. Pauli.

The family has many old friends in Sonoma who attended the funeral Wednesday from St. Francis Church.

Among the family from San Francisco who were here for the last sad rites were Mrs. Raschen, her son, Lionel Eaton, Mrs. E. Pauli, her son Francis Pauli, Miss Paulina Pauli and Al Pauli.

For lack of sufficient evidence to get a conviction, Assistant District Attorney Hoyle asked yesterday that the case of the Cohens, charged with receiving stolen goods be dismissed. Judge Small therefore expunged the case from the calendar.

COMING ELECTIONS HOLD INTEREST

School Trustees to be Elected Next Friday, And City Officials the Following Monday. What Happened 30 Years Ago.

Sonoma is evincing pronounced interest in the two coming elections, school and municipal.

Next Friday the election for High school and Grammar school trustees will be held.

There are three trustees to be elected to fill vacancies on the High School Board and as far as known, candidates to the number of five have announced themselves. They are to be elected not from the various districts comprising the Union High School, but at large.

Walter Bundscha of Rhine Farm Vinyards, a young man interested in the betterment of all educational matters and who has the time to devote himself to the Board duties is a popular choice with all factions. E. A. Ranker, present incumbent whose term expires, is a candidate for reelection. Mr. Ranker who is to be an employee of the State at the Home will be able to devote more time to school details in the future than when in business for himself.

George Breitenbach the well known Sonoma business man is also a candidate Mr. Breitenbach believes the taxpayers should be considered as well as the patrons of the school and if elected, will devote himself to the financial administration of the institution.

Robert P. Hill who has been such a faithful and efficient member of the Board for many years is a candidate to succeed himself and it is a forgone conclusion that he will be reelected by a handsome majority. Mrs. Carrie Burlingame, prominent club woman, believing that a woman can accomplish much good as a High School trustee, is also a candidate and has the backing of many admirers.

The holdovers on the High School Board are R. J. Dowdall and Dr. W. B. Hays.

The following letter is given out to show the present rating of the school with the University of California examiner.

My Dear Mr. Rowell.

Your letter of March 4th is at hand. In reply I beg to say that I found the High School in Sonoma in good condition, better than in previous years, certainly so in several respects. I am very sure that the good work which you have started in domestic science is thoroughly worth while. All modern schools are putting this in, and I am sure that every community will be benefitted by a thorough course of this kind in the High School.

The tendency of the modern high school is more and more to put in those things which have connection with the daily life of the child. This, of course, you know. It was a pleasure to me to see the Sonoma school moving in this direction. There are some matters which it would be possible to strengthen, I suspect, another year, owing particularly to the fact that with the small number of teachers there is difficulty in adjusting the work. But generally speaking I am pleased with the work and am glad to commend the school, and particularly the new work that has been recently undertaken.

Yours very truly,
W. S Thomas.
Examiner of Schools.

Comparative data on the up-keep of the High School since 1910 is as follows:

Year	No Teachers.	Salary Expense	Total Expense	Avge. Day Att	Tax Rate
1910	4	$4800	$5326 65	45	.17
1911	4	5060	5696.88	47	
1912	4	5400	6 31 76	52	21
1913	4	5600	6245 00	37	24
1914	4	5400	6155.00	49	25
1915	5	6600	7314.00	55	19
1916	5	63 0			

Sonoma's municipal election while not fraught with the excitement attending an election where there is an open contest has the element of mystery for it is whispered about that there will be added starters in the race whose names will be written in on the ballots election day.

There are two vacancies to be filled on the Board of City Trustees for which Fred Bulotti, business man and large property owner, and Fredrick Bose, also property owner prominent garage attache and fraternal man are candidates.

The out going members of the Board are George Breitenbach who has served the City faithfully for the past 12 years and Claude Johnson whose try at public office has convinced him that he would rather be a private citizen.

For City Clerk Dr. H. W. Gottenberg is a candidate for reelection The duties of the Clerk are more exacting and complicated than formerly, with the result that the salary has recently been raised. This fact engendered some opposition to Gottenberg who set forth his claims for the increase and made it stick. A petition was circulated asking the Board to reduce it to the old schedule but was withdrawn on account of irregularities. Despite the fact that the Clerkship now carries the fat salary of $10 per month and extra fees, no one other than the incumbent came out for the office. It is rumored however that the opposition will write in a name on the ballot.

For City Treasurer Wm. F. Clewe has no opposition for the position he so ably fills. The total registration for Sonoma's 1916 election will be something like 385.

From the files of the Index-Tribune of April 1886 we find that Sonoma's total registration was 129 and that all but four voted at that city election of thirty years ago.

The following account was published in the issue of April 17 1886.

"Lively interest was manifested in the city election which took place last Monday, although the rain fell in torrents through the day, a full vote was polled. Taking it all in all it was a good natured contest, party lines being entirely lost sight of and no acrimonius feelings were indulged in. At one time during the day could be seen on one corner the rival candidates for City Clerk pleasantly chatting together, while just opposite the friends and candidates for City Treasurer were holding a sort of a love feast. It was in this manner that the contest was conducted which speaks well for the temper and conservatism af our people. After the ballots had been counted a number of the successful candidates "set em up" in grand style. Following are the results;

Rev. M. H. Alexander, M.E. District Superintendent, has arranged to be here next Sunday morning for a special service. This is Dr. Alexander's last year on the district, and this year is now half gone as it will close in September, so we shall not have him on a Sunday again. Dr. Alexander always makes friends, and he has many in Sonoma and over the District. He has a special message for all this time.

Jonathan Hunter, father of Ray Hunter, was stricken with paralysis and up to a late hour yesterday was unconscious. Mr. Hunter is 74 years of age and one of our prominent poultrymen.

His daughter, Mrs Ethel Roberts of San Jose has been summoned.

COURT REVIEWS WIDOW'S BILLS

Account Filed in Granice Estate Objected to by Counsel For Daughters in Judge Denny's Court Monday

Expenditures and claims totaling about $4000 which were included in the account filed by the widow of the late H. H. Granice last week were reviewed in Judge Denny's Court Monday when the hearing on the account was called on the calendar.

Many items in the account were objected to by Assistant District Attorney J. W. Ford, representing the daughters of the deceased editor, over a hundred items being questionable charges against the estate. Garage bills, drinks, dinners, cigars, fur coat with skunk trimmings, taxicab hire, long distance telephone calls, and a payroll on which the widow had many of her relatives were among the items asked to be stricken from the account and disallowed. Judge Denny refused to consider the expenses listed as collection and soliciting extras and also expressed it as his opinion that the $545 funeral ordered by the widow for the deceased showed poor sense. He took the account with protest under advisement and a ruling is expected shortly.

Dressed in the heighth of fashion the widow was the cynosure of all eyes as she took the witness stand and tried to defend her administration of the affairs of the late H. H. Granice which she has been managing for the past 14 months to the disadvantage of the daughters whom she openly threatened to deprive of everything upon first taking charge of the estate.

Her persistent request to remove the remains of the late editor from their resting place in Mountain Cemetery with permission to expend more money therefor, was renewed at the hearing Monday, but was frowned on by the Judge who expressed himself as believing that enough had already been expended for the interment and that the dust of the deceased would rest as peacefully there as any where.

The sale of the automobile to Louis Breitenbach for $150 was confirmed by the Court. Her expenditures on it for the eight months and a half she had it in use are charged up in the account and aggregate over $375.

Outstanding bills owing to H. H. Granice are to be put in the hands of a collector at the request of his widow.

Optimism a Good Community Asset

Optimism for which we have that expressive modern phrase "to boost" is a spirit as old as the hills, but is none the less valuable, in fact the progress of the world since the days of the ancient philosopher who coined the word has direct bearing on the eternal fitness of it. Civilization has followed in the wake of optimism or rather optimism has been the forerunner of betterment. The modern philosopher coins the word into money wherefore we need more of this philosophy in our communities.

Every town has at least fifty seven varieties of grouches and crabs any one of which is a hindrance to a town that wants to go ahead. Even though the majority of the community is not jaudice visaged the obstructionist has a fatal claim to their attention and while they are watching the antics of the crab, they neglected to boost. They do not kick the grouch aside and walk over him. They stop, look and listen. If he be an oratorical crab some decide to barnacle with him and others have been so slow that they find themselves far behind in the modern race.

If a new settler comes to town take on a hopeful attitude, give him to understand that we expect to have fine roads some day; that we are working out the problem; that we want his cooperation. He may decide to put his shoulder to the wheel but if we tell him there is no wheel that it is rusted out and abandoned he will journey farther —if rich to a community which has already demonstrated its faith or to one where he can be of service in the upbuilding; if poor, to a fellowship where there is hope and harmony.

Fire Protection

More fire hydrants, an auto chemical and other equipment for fire protection were suggestions made by the Board of Fire Underwriters to Healdsburg with the promise that the cost of insurance would be reduced. This is what Sonoma should set about to do. The present rates are prohibitive as most of the risks taken by the insurance companies are figured as dead loss under the present inadequate facilities for fighting fire. It is to be hoped that the new trustees will distinguish themselves by advocating fire protection water and the purchase of a good chemical engine for Sonoma. If is a foregone conclusion that the insurance rates would be cut in half and that it would be money in everybodys pocket and snug satisfaction when we leave our homes and places of business now almost wholly unprotected.

We have all heard the story of the wonderful wooden horse which was inveigled into the walls of Troy and how it was regarded as sacred and how the populace fell down and worshipped it and how later there issued therefrom an armed multitude of soldiers to bring down destruction upon the people. They are trying to drag in this very menace today and the place is not Troy but California and the horse's name is Prohibition and there will issue therefrom many enemies to fall upon the state and destroy it and blight it. The ancient politician may have gotten away with it but the crafty professional traitor of today cannot make our voters believe that all the virtues will come trooping out of that horse nor can they be made to think that it contains only ammunition to be used against the saloon.

Our voters, men and women, know that virtue is not housed in a wooden horse or under a plank in any reform platform but is within people themselves. Self discipline, voluntary realization of the virtue of moderation is real reform.

TRADE JOURNAL ON PROHIBITION

The frank and lucid attidude of the Index-Tribune on one of the leading and vital issues of the day in California is thus commended by E. Hofer the Editor of the Pacific Coast Manufacturer, the leading industrial journal of the Pacific Coast, who writes as follows:

San Francisco, Cal.,
March 25, 1916.

Index-Tribune, Sonoma, Cal.

Your editorial of March 25 on "Unreal Value of Prohibition," was refreshing. The cowardly soft-pedalling of the newspapers is disgusting.

If you could see the deadly quiet that settles down on dry towns and cities in Washington and Oregon that have lost their city revenues and must put up to enforce the laws against violations, you would be glad you still live in California.

It is a pleasure to find one newspaper that is willing to stand up and be counted. I do not believe the saloon business as it has been conducted in the past can be defended, but when it comes to the destruction of industries, wiping out property values and depriving people of their inalienable rights and privileges, and then enacting laws as the Prohibitionists have in Oregon and Washington to allow every person and family to ship in supplies of liquor ad libitum, count me out in the wet ranks.

Very Sincerely Yours,
E. Hofer.

Which Do You Prefer?

It is important for reasons of health and practical economy for every housekeeper to ask herself this question:

"Do I prefer a pure baking powder like Royal, made of cream of tartar derived from grapes, or am I willing to use a baking powder made of alum or phosphate, both derived from mineral sources?"

The names of the ingredients printed on the label show whether the kind you are now using or *any brand, new or old, that may be offered* is a genuine cream of tartar powder, or merely a phosphate or alum compound.

Royal Baking Powder contains no alum nor phosphate.

HISTORICAL DATA IS SOUGHT HERE

California Historic Commission Would Glean History From Files of This Newspaper

Have you an old time Index Tribune antedating 1884, if so let us know as the California Historical Survey Commission expects to glean much historic data from the files of this newspaper which has been published 38 years continuously and of which we have complete papers dating back 32 years.

The Sonoma "Bulletin" which, was Sonoma's earliest paper was published off and on from 1852-55. Should any of the copies of that perodical be any body's relic it will prove of even greater interest at this time when the Commission delegated by the last legislature has begun to complete its data of the early history of California.

Sonoma is bound to come in for much prominence in the published report on account of the Bear Flag Episode and the many other stirring scenes which were enacted here when history was in the making.

The following letter has been received at this office relative to some of the information sought:

Berkeley, Cal., March 24, 1916
Messers W. L. & C. G. Murphy,
Editors, Index-Tribune,
Sonoma, California.

Dear Sirs:

Realizing the great value of the information regarding the early history of California to be found in the files of the newspapers published throughout the state, the California Historical Survey Commission has undertaken as a part of its program the compilation of information regarding the existence and location of the files of these early papers.

We are informed that the Index-Tribune was issued as early as 1879, and its early files if still in existence must contain a great wealth of information relating to the early life and development of that portion of the state.

The meagerness of the funds at the disposal of the Commission makes it necessary to rely in large measure upon the voluntary effort of those interested in the advancement of the work. May we not rely upon your office to furnish a statement regarding the files of your paper in accordance with the suggestions on the enclosed sheet?

In return for this information we will not only be able to give you the results gathered from other papers, but will endeavor to trace up the files of your paper in other depositories. In this manner it is hoped that complete and even duplicate files of these early papers may be found, the knowledge of which may be of much importance to you in case it should be necessary to refer to some early issue. Moreover, through our published report your paper will become widely known not only in California but elsewhere.

Thanking you for assistance you may be able to render the Commission, Yours very truly,

Owen C. Cay,
Secretary and Archivist.

JULIUS USED TO BE SOME FISHERMAN

In the good old days of fine trout fishing in Sonoma Valley streams, Julius Fochetti, Sr., was an expert angler, as the following item from the Index of Nov. 15, 1886 shows.

"Our local anglers are having fine sport fishing in Sonoma creek and the small streams tributary to it. On Sunday last Julius Fochetti caught a fine large string. In one deep pool where he cast his line he caught fifteen trout in twelve minutes. They varied in size from six to twelve inches."

Mr. Fochetti says he remembers the day well.

BASEBALL BOYS WILL SPORT SUITS

The High School baseball boys will now be able to appear on the local diamond in becoming suits of blue and white, their benefit entertainment at the Don Theatre having netted them about $45.

The suits will be navy blue with S. V. U. H. in white letters across the chest. The young athletes are to be congratulated on their successful endeavor.

GOOD ROADS MOVEMENT AGAIN

Tide of Traffic May Go Elsewhere So Sonoma Valley Gets Busy

Petitions are being prepared and will be circulated asking the Supervisors to consider the question of building a high type road through the Sonoma Valley to connect up with the State Highway. The movement is due to the fact that Calistoga and the Napa Valley are to make a keen bid for the summer traffic and health seekers through the fine facilities they are providing in the way of roads, accomodations, development of the hot springs, etc. That the tide of traffic will be diverted and our splendid hotels, fine climate, scenery and wonderful mineral waters will be practically inaccessible in comparison is obvious to the good roads advocates who will launch a vigorous campaign for roads which will make Sonoma Valley famous. District Attorney Clarence F Lea, a Sonoma Valley property owner, Frank Burris, banker, and Mrs. Emma Fetters of Fetters Springs, are all interested in the movement.

RURAL SERVICE AGAIN DEFERED

Postmaster John Wagnon received a reply wire from Washington D. C., Tuesday starting that the motor rural mail service would be defered until May the first. The action of the Department is in accordance with recommendations made by our local Postmaster sometime ago when he wrote of road conditions and other matters relative to the inaguration of the service and advised postponement until later in the season.

PRESS ASSOCIATION HAS MEETING

The Sonoma County Press Association held a meeting in Santa Rosa Sunday to arrange for the reception to the California Press Association which will go to Eureka in May and will be entertained enroute. We regret that other business prevented our acceptance of the invitation to be present.

Theatrical Man Inherits Money

Wm. Collins, one of the proprietors of the "Don" theatre, has received word from New York that he is one of the heirs to the $16,000 estate left by his father who passed away in January. He is one of the several sons and daughters of the deceased.

GLEN ELLEN

Adams Big Show, held a performance Thursday evening at Glen Ellen in the large circus tent on the east side of town.

Morris B. Cooper, an attache of the State Home had a successful mastoid operation performed at the hospital at Eldridge by Dr. Butler and Dr. Moore.

Charley Poppe will represent Glen Ellen parlor of N. S. G. W. at the Grand Parlor meeting in Modesto. Henry J. Chauvet was chosen as alternate.

Friday afternoon of last week The Woman's Improvement Club gave a social afternoon and meeting at Mayflower hall. There were many interesting matters to discuss connected with the play and dance and garden fete to be given in the near future. Mrs. Jennie Glenn rendered a vocal solo in her usual charming manner which opened up the afternoon's program, after which Rev. Harbutt of Kenwood gave an address on The Ethics of Marriage and Mrs. J. G. Cromwell of Graham Canyon, a talk on Parlimentary Law. Three new members were elected and four were proposed. At the close of the afternoon delicious refreshments were served. Thirty seven including guests were present.

VINEBURG

A. Pinelli, one of Sonoma City's solid business men and Mr. and Mrs. John Mohr and son were guests of Louis Martin at Vineburg Inn on Sunday afternoon.

Robert Gallagher has sold his place on the Schell Tract to Martin Kennedy of San Francisco, who will reside on the place.

Mrs. W. W. Hamilton and daughters, Misses Portia and Minnie, accompanied by Misses Norma Jansen and Marguerite McDevitt, all of Sonoma, were the guests of Vineburg friends on Sunday last.

City Trustee Chas McDevitt of Sonoma visited this vicinity on Monday last.

Jovial Harry Andrieux, at present with the State Highway surveying corps stationed at Sears Point, was the guest of Vineburg relatives on Sunday last.

Mr. and Mrs. W. H. Glazier of Napa were the guests at Vineburg Inn on Sunday.

Vineyard and orchard plowing is now in full sway. The Kearney brothers have several teams at work on the Rhine Farm while Phil Bill Jr. has eight teams employed on the Hyde vineyards. This kind of weather every day is everybody's busy day.

The new county road is now open to public traffic along the railroad track. That is where it is not closed up.

A number of our citizens are thinking of having our Ex-Mayor, Jacob Mayer, elected Mayor of Vineburg again. As they say he was the only Mayor we ever had that made enough money out of the office to take a trip East. That's right.

We are sorry to state that one of Vineburgs fairest maids met with an accident the other day. While the fair maid was leading a pet cow from the pasture with a pretty blue ribbon attached to its horns the pet animal got scared at a butterfly and bit the fair maid on the elbow. Some say the cow broke its wisdom tooth. Poor bossy.

We understand that James L. Modini, one of Sonoma's most popular citizens, will run for City Trustee on the Prohibition ticket the coming election. His Vineburg friends wish him success, but think if James L. is elected he will be the right man in the wrong place.

One straight carload of hay baling wire direct from the East and one car load of salt containing 20 tons from San Francisco were unloaded at Batto's Spur last Saturday.

The election of school trustees for the Huichica District will take place on Friday April 7th, at Huichica School House.

Louis Martin of Vineburg Inn reports business improving at his favorite resort and at the present time has twelve guests to care for. It is his intention to make ample accomodations for his automobile parties the coming season.

CHURCH WEDDING THIS MONTH

Johnson - Saylor Nuptials to be Solemnized at Brilliant Event at M. E. Church. Shower at Akers Home

At a pretty afternoon affair given by the ladies of the Aid Society of the M. E. Church Thursday afternoon at the Mont Akers home, the interesting announcement was made that the wedding of Miss Fern Saylor and her fiance Mr. Johnson will be solemnized Wednesday evening, April 26th at the Methodist Church. Congratulations were showered upon the fair bride to be who was present at the affair and was the recipient of many beautiful and useful gifts from the church ladies.

Mrs Mornament was hostess and with Mrs. Akers arranged the shower and a bounteous spread for Miss Saylor. The decorations were handsome white lilacs, the remembrances for the guest of honor being heaped high with the beautiful flowers. After the gifts had been bestowed upon her and suitably acknowledged the ladies were all bidden to the wedding which will be a brilliant event, the first large church wedding solemnized in Sonoma for some time.

Miss Saylor is one of Sonoma Valley's most popular and amiable girls and Mr. Johnson is a highly thought of young orchardist.

NATIVE SONS CANDIDATE

Mission Parlor has elected the following members as Delegates to the Grand Parlor which convenes at the City of Modesto, on April 17, 1916. Alfred Berryessa, M. M. Loudon, Eugene M. Levy, A. Van der Zwein.

Mission Parlor also wishes to announce that it has a candidate for the office of Grand Trustee at the coming Grand Parlor and it is M. M. Loudon, who is Past President of the parlor and a hard and ardent worker for the N. S. G. W.

He is well known throughout the State as a member of the crack Ritualistic Team which exemplifies the work in the different Parlors around the Bay Counties.

He is at present Governor of the Past Presidents.

Alfred Berryessa, prominent Native Son of San Francisco is a guest at the Villa Savoy, El Verano.

Much Adler-i-ka Used In Sonoma

It is reported by Jas. McElney that much Adler-i-ka is sold in Sonoma. People have found out that ONE SPOONFUL of this simple buckthorn bark and glycerine mixture relieves almost ANY CASE of constipation, sour or gassy stomach. It is so powerful that it is used successfully in appendicitis. ONE MINUTE after you take it the gasses rumble and pass out. It is perfectly safe to use and cannot gripe.

QUEEN MARION'S MAIDS OF HONOR

Ladies of Court Chosen for Festival which will be the Gala Event of This Month

Queen Marion, beauteous Majesty of the Spring Festival to be held the latter part of this month by the Sonoma Valley Womans Club is to have a lovely retinue of maidens for her Court. Up and down the Valley will they come to do honor to their Queen.

Those who have been already chosen from the various school districts are as follows.

Eleanor Wrench Sonoma School.
Lamora Glenn Glen Ellen "
Louise Batto Huichica "
Bessie Weaver El Verano "
Louise Panoria Flowery "

A choice is still to be made in San Luis district.

The color scheme for the Festival will be pink and white and the entire effect dainty and charmingly Spring like.

In the afternoon the Shakespearean pageant will be presented, to be repeated in the evening at Union Hall where a grand ball will conclude the festivities.

Mrs. Carrie Burlingame and a big cast of characters are working indefatigably to make this affair for the club house benefit a never to be forgotten success.

YOUNG WIFE LAID TO REST

Mrs. Joseph Rovai, young wife of the nephew of Felici Rovai of this place, died at her Santa Rosa home this week and was laid to rest here Thursday. The death of the young woman who was only 26 years of age is particularly sad as she left besides her husband three little children to mourn her passing.

Rev. Father Cassin conducted the service at the Catholic Cemetery where a large concourse of friends and relatives covered the grave with the season's most beautiful flowers.

Rev. Mr. Pfeifer will occupy the pulpit of the Congregational church Sunday and will undoubtedly be called as the permanent pastor.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice; because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.
